The screenshot shows a web browser window titled "[[Social Pulse Hub]] - Security Measures" with the URL "localhost:8083/Social_Pulse_Hub/securityMeasures.jsp". The page is divided into several sections:

- Protecting Your Information**

We take your privacy and security seriously. Here's how we keep your data and connections safe:

 - **Secure Communication:** All communication between your device and our servers is encrypted using HTTPS.
 - **Data Encryption:** Your data is stored on secure servers with encryption at rest. Even if someone accessed our servers, they wouldn't be able to read your information.
- Control Your Privacy**

You have control over who sees your information and how it's used:

 - **Privacy Settings:** [Manage who can see your profile, posts, and activity](#). You can also control who can send you messages and friend requests.
 - **App Permissions:** Review and adjust the permissions granted to third-party apps. Only allow access that is necessary for the app to function. [Manage App Permissions](#)
- Enhanced Security Features**

Here are some additional security measures you can enable for even stronger protection:

 - **Two-Factor Authentication (2FA):** Add an extra layer of security by requiring a code from your phone in addition to your password when logging in. [Enable 2FA](#)
 - **Login Approvals:** Get notified and approve login attempts from unrecognized devices for added security. [Login Approvals \(Coming Soon\)](#)
 - **Secure Messaging:** Enable end-to-end encryption for private messages, ensuring only you and the recipient can read them. [Enable Secure Messaging](#)
 - **Suspicious Activity Reporting:** Report any suspicious activity you encounter on the platform to our security team. [Report Suspicious Activity](#)
 - **Data Download:** Download a copy of your data from the platform, including your profile information, posts, and messages. [Request Data Download](#) (Functionality coming soon)

At the bottom of the page, there is a system tray showing weather (40°C, Sunny), search, file explorer, and other icons.

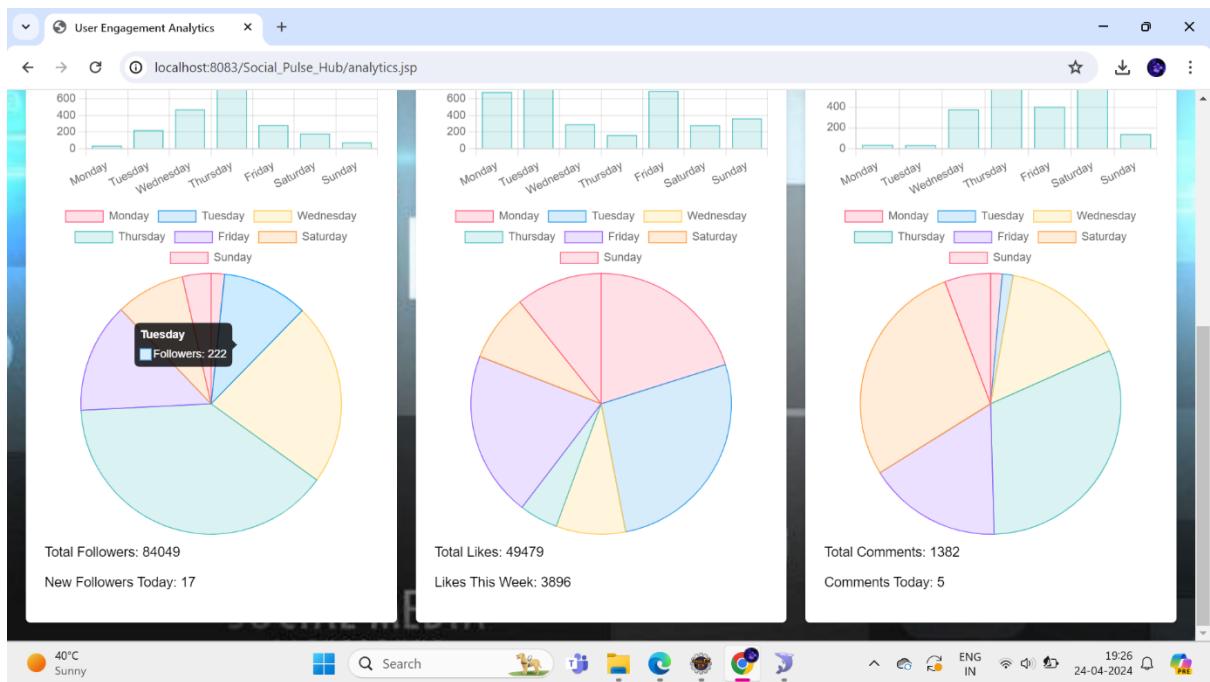

Fig 35: User Interaction with Social Pulse Hub

The interface features a sidebar on the left with navigation links: Explore, Notification, Messages, Bookmarks, Analytics, Theme, and Settings. A "Create Post" button is also present.

A central search bar allows users to "Search for creators, inspirations, and projects".

A prominent overlay titled "Customize your view" allows users to manage their font size, color, and background.

The "Font Size" section includes a slider between "Aa" and "Aa".

The "Color" section shows a color palette with five options: dark blue, yellow, red, green, and light blue.

The "Background" section offers three options: "Light" (selected), "Dim", and "Dark".

To the right, a sidebar shows a feed of social interactions, including messages from Hajia Bintu, Edelson Mandela, and Megan Baldwin, each with a "Decline" button.
